About

I'm Akansha, having recently completed third-year in B.Tech Computer Science and Engineering. As a Designer and Developer, I blend creativity and coding to create beautiful and functional projects.

Education

Dronacharya College of Engineering

2021 -2025

Gurugram(Haryana)

Bachelor of Technology in Computer Science

Relevant Coursework

- Computer Science: Database, Data Structure, Operating System, Computer Network, Object Oriented Programming

Internship Experiences

IT intern | CJ Darcl Logistics (18 Jul 2023 – 18 Aug 2023)

Gurgaon, India

- Revamped the company's dashboard using **Figma**, enhancing user experience, visual appeal, and overall functionality.
- Successfully created an intuitive and visually appealing UI for the **CareWise**, health tracker application.

Java Developer | CodSoft (20 Dec 2023 – 20 Jan 2024)

(Remote) Delhi, India

- Developed interactive applications, including a Quiz App and a Guessing game.
- Developed a Banking Management System, handles tasks like account management, transactions, loans, and financial reporting.

My projects

Quicksort Visualizer

- Offers a dynamic step-by-step visualization of quick sort algorithm through **visual animations** for intuitive understanding.
- It provides a **interactive GUI** for each execution process, allowing users to observe the sorting in real- time.
- Devised robust performance evaluation mechanisms, including precise tally of **swap operations**, **comparisons**, and **runtime efficiency** metrics.

Tech stack used: HTML , CSS, JS
